

# HELP END ABUSE FOR LIFE HEAL

Term: Spring | Issue 1 | Date: May/June 2019

## HEAL HIRES EXECUTIVE DIRECTOR

After an intense candidate search and interview process, the HEAL board is delighted to welcome Michelle Schmidt-Castillo as the new Executive Director of The Nest. She will officially begin working in the position on June 1, 2019.

Michelle is leaving her job as a Code Enforcement Officer in the town of Edgewood, NM. She has also worked in the New Mexico State Department of Corrections, the New Mexico Department of Health, and the Santa Fe Detention Center. Her law enforcement background, paired with her passion for family advocacy, make her an ideal candidate for the challenging position.

Her previous positions have built a strong background in communications, budgeting, case management, and collaboration with a variety of public entities. She is passionate about solving the domestic violence crisis and is eager to apply her skills to this new endeavor.

In addition to many years of career experience, Michelle has a Master's degree of Science in Mental Health from Walden University in St. Paul, Minnesota. She also has a Bachelor's in Business Administration and an Associate degree in Criminal Justice.

*With her fun sense of humor, energy, and creative thinking, Michelle is already making positive changes at The Nest and Sweet Charity.*
